FOLD

cdlabelgen 4.1.0 © 2001–2008 Avinash Chopde <avinash@aczoom.com>

home page: <http://www.aczoom.com/tools/cdinsert/>

Instructions:

1. Cut out the cover insert, on page 1, around the outer perimeter. Do not cut along the center.
2. Fold the cover insert in half, with the text on the outside.
3. Insert the cover insert in the CD case cover.
4. Cut out the tray insert, on page 2, around the outer perimeter.
5. The right-most long narrow title "tab", on the tray insert, is for CD case with a transparent tray. Remove this "tab" if the CD case has an opaque tray.
6. Fold the left and right long narrow title "tabs" to a 90 degree angle, away from the main tray cover portion. If the right-most "tab" is retained for a transparent tray, fold that "tab" 90 degrees again, away from the title "tab" next to it. The text should appear around the exterior of the folded cover, not the interior.
7. Remove the tray from the case.
8. Place the tray insert in the case.
9. Insert the tray, being careful that the title tabs are flat against the case.
10. Please appropriately discard this portion and the scrap bits of paper.

Captain Blood

Rafael Sabatini

Captain Blood

Captain Blood is an adventure novel by Rafael Sabatini, originally published in 1922. It concerns the sharp-witted Dr. Peter Blood, an Irish physician, who is convicted of treason in the aftermath of the Monmouth rebellion in 1685, and enslaved on the Caribbean island of Barbados. He escapes and becomes a pirate. [Wikipedia]

Captain Blood was the basis for the Academy Award-nominated swashbuckling film that rocketed Errol Flynn and Olivia de Havilland to stardom in Hollywood. The fast-paced historical fiction of Rafael Sabatini is often compared with that of Robert Louis Stevenson and Alexandre Dumas. [DSayers]
